Company overview

Trujillo Remodeling Services, Inc. is a family-owned remodeling company based in Dallas, GA, serving homeowners, contractors, and property managers throughout the greater Atlanta metro area since 2007. What began as a small, hands-on operation has grown into a full-service remodeling company — without losing the values it started with: honest work, clear communication, and craftsmanship that holds up.

Because we handle multiple trades in-house — painting, roofing, kitchens, bathrooms, framing, and whole-home remodels — most of our work is self-performed rather than subcontracted out. That makes us a strong primary vendor for property managers, apartment and commercial communities, HOAs, municipal and government contracts, and building owners who want one accountable contractor for a project — and just as capable of partnering with general contractors as a reliable sub when that's the better fit.

Service Area

Dallas, GA and the greater Atlanta metro, including:

- Hiram, Canton, Duluth, Smyrna, Atlanta, Austell, Roswell
- Kennesaw, Marietta, Woodstock, Alpharetta, Cartersville
- Douglasville, Decatur, Lawrenceville, Sandy Springs, Suwanee
- Powder Springs, Villa Rica, and all of Cherokee County

Services we offer

- Kitchen Remodeling — cabinetry, countertops, layout changes, appliance installation.
- Bathroom Renovation — tile, showers, vanities, fixture upgrades, full layout redesigns.
- Whole-Home Remodels — full-scope renovations coordinated across every trade.
- Roofing — repair and replacement.
- Interior & Exterior Painting.
- Framing & Structural Work — wall removal, load-bearing headers, room additions.
- Decks, Sheds & Exterior Structures.
- Plumbing & Electrical Coordination — relocations, fixture installs, and repairs tied to remodeling work.

Because these are handled by the same crew rather than five separate specialists, projects move faster and with fewer handoffs — an advantage for anyone managing multiple properties or working against a tight schedule.

Project Gallery — Kitchens & structural work

Full kitchen remodel — custom cabinetry, quartz countertops, stainless range hood

Structural wall removal — framing a header to open a floor plan between rooms

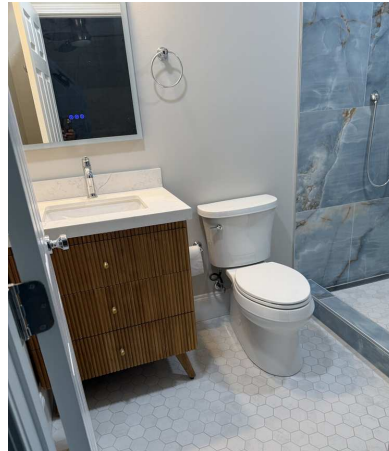

Modern farmhouse kitchen with white Shaker cabinets, dark subway tile, marble-look counters, and warm wood accents.

Project gallery — Bathrooms

Double-vanity bathroom remodel — round mirrors, brass fixtures, custom cabinetry

New bathroom build — fluted wood vanity, hexagon tile flooring, matching marble shower surround

Full bathroom renovation with freestanding tub and marble-tile glass shower enclosure

Before & after — Structural and exterior work

Entryway Portico Build

Before — framing the new portico structure

After — finished portico with columns and roofline

Fireplace Feature Wall

Before — demo down to the original fireplace surround

In progress — crew building out the new shiplap feature wall

Additional projects & our team on-site

Custom Shed Build

Framing stage

Completed shed with siding, shingles, and ramp access

Our branded fleet on the road in metro Atlanta

What our customers say

"Hugo was an unbelievable contractor! We had an entire bathroom remodel done: demolition and tub removal, floors, plumbing, electrical wiring, shower, tile, and vanity. He was able to fix all of the issues, plus give us great recommendations on how to proceed with issues that came up. He was not bossy, listened to our needs, and was extremely professional and fast! Whole bathroom was done in 10 days; on top of other items, we had fix. I would recommend him to anyone. I already gave his card out to our neighbors and co-workers."

— Satisfied customer, Dallas, GA

Recent Project Highlights

- Complete roof replacement — Marietta, GA (~\$19,500, paid in full): full tear-off and re-roof with architectural shingles, new synthetic underlayment, drip edge, flashing, pipe boots, and ridge vent.
- Upstairs renovation — Roswell, GA (~\$25,800): full laundry room reconfiguration (water line and dryer vent relocation, reframing, new sheetrock and trim), 2¼" red oak hardwood flooring installed and finished throughout, and tile bathroom floor replacement.
- Main-level flooring and master bathroom remodel (~\$13,800): full flooring removal and LVP installation across the main level, plus a complete master bathroom rebuild including a new framed shower with bench, double-sink vanity, and full tile work.
- Cabinet installation & sheetrock repair for the Ennisbrook Community (Smyrna, GA) — installed missing cabinetry, repaired sheetrock throughout, and resolved unexpected bathroom damage found mid-project.
- Emergency water heater replacement — diagnosed and replaced a failed unit quickly to minimize disruption for the homeowner.
- Deck replacement — full teardown and rebuild of an aging deck structure.

Why partner with us

- Nearly two decades of hands-on remodeling experience in the Atlanta metro area.
- One crew, multiple trades — fewer subcontractors, fewer scheduling delays, one accountable point of contact.
- Licensed, insured, and BBB accredited.
- Family-owned with a reputation built on local repeat business and referrals.
- Comfortable working directly with homeowners, general contractors, property managers, and HOAs alike.

Let's work together

We're actively looking to build relationships with property management companies, apartment and commercial communities, HOAs, municipal and government entities, and building owners across metro Atlanta as an approved, direct-bid vendor — as well as with general contractors seeking a reliable sub. If you have upcoming projects that call for painting, roofing, kitchen or bathroom remodeling, framing, or full-scope renovation work, we'd welcome the opportunity to be considered.
